TRAIN HITS AUTOMOBILE

When a Central of Georgia freight train engine, which was switching at the time, backed into an automobile at Samson yesterday, Mrs. W.H. Thomley was seriously injured and Mr. and Mrs. John Thomley and their ten-year-old daughter, Lovie, also sustained injuries.

The party who live in the vicinity of Wicksburg, were on their way to Geneva when the accident occurred. Trainmaster Steagall, of the Central gave the following account of the accident:

"A local freight train was switching cars near the depot at Samson. The Thomley party approached the crossing in their car and stopped when they saw the train approaching. The train crew saw them stop and allowed the train to come backing on. Deciding that he could cross ahead of the train, the driver of the automobile started off and tried to run across directly in front of the cars. The members of the train crew, seeing that an accident was imminent, immediately signalled the engineer, who could not see the automobile, to stop. The engineer shut off steam and applied the brakes but it was too late. The automobile got partially across but the backing cars caught the rear of it and wrecked it. One of the occupants was seriously injured and two slightly. No blame attaches to the engineer or the crew of the train. The fault was entirely that of the driver of the automobile and he has admitted that he was to blame."

LESS TO EAT WITH WILSON SAYS CANNON

Danville, Ill., May 23.—"I believe the Wilson administration has given the average American less to eat than he had under the Repub-
-WIF. Former Speaker Cannon announced this morning that he will run for Congress on this ground. Cannon criticized the Democratic tolls repeal and trust methods, and said he wasn't going to abuse anybody but would call Wilson, Bryan and Roosevelt to account."

LESSON TEXT.
1. Then said he unto the disciples, It is impossible but that offences will come; but woe unto him through whom they come!

2. It were better for him that a millstone were hanged about his neck, and he cast into the sea, than that he should offend one of these little ones.

3. Take heed to yourselves; if thy brother trespass against thee, rebuke him; and if he repent, forgive him.

4. And if he trespass against thee seven times in a day, turn again to thee, saying, I repent; thou shalt forgive him.

5. And the apostles said unto the Lord, Increase our faith.

6. And the Lord said, If ye had faith as a grain of mustard seed, ye might say unto this sycamine tree, Be thou plucked up by the root, and be thou planted in the sea; and it should obey you.

7. But which of you, having a servant plowing or feeding cattle, will say unto him by and by, when he is come from the field, Go and sit down to meat?

8. And will not rather say unto him, Make ready wherewith I may sup, and gird thyself, and serve me, till I have eaten and drunken; and afterward thou shalt eat and drink?

9. Doth he thank that servant because he did the things that were commanded him? I trow not.

10. So likewise, ye, when ye shall have done all those things which are commanded you, say, We are unprofitable servants; we have done that which was our duty to do.

EYE TROUBLE CAN BE CORRECTED

If you are suffering from headache, nervousness, granulated, or any eye trouble, be sure to consult Dr. Marrow. He has cured thousands of people and he can cure your eye trouble by his scientific fitting with the proper glasses.

Dr. Marrow has over 22 years experience in examining eyes and fitting glasses only. In that time he has examined and fitted glasses to over 40,000 people. This record will speak for itself.

Dr. Marrow's office is at 111 E. Main street over the Cash Drug Store. He can be seen every Thursday, Friday and Saturday, also Sunday from 11 to 12 o'clock.

GOOD ROADS SENTIMENT GROWING

That the amount paid yearly for the construction and improvement of roads in this county would be sufficient to pay the interest on a sufficient bond issue to build good roads all over the county, is fast becoming known in the rural districts, and it is thought that the sentiment favoring good roads is increasing.

It is believed that when the residents of the various rural districts in the county realize that a bond issue would mean good roads in their immediate sections, they

will rally to the support of the movement for the bond issue.

MEXICANS LOOK NEW REVOLUTION

PROMISE TO LEAD FORCES AGAINST AMERICANS SOON

Mediation Headquarters, Niagara Falls, May 23.—Concluding the probable complete triumph of Villa over Huerta, Mexican representatives here are looking for new revolution against the constitutionalists. Slogan of the hoped-for revolt will be "Down with friends of gringos."

"Villa may seize the country," said a representative this morning, "but the people will soon overthrow him because he is a tool of Americans."

The Mexicans let it be known that they are willing to discuss the land question, but will oppose the breaking up of big estates. They want to irrigate arid lands for the peasants.

A new tangle was added today when powerful foreign interests appealed to the A. B. C. mediators to protect capital in Mexico and prevent "further Yankee aggression." The South and Central American mediators resumed session at 12:30.

When session began it was reported that Huerta's representatives had agreed to government of Mexico by a commission until its affairs can be settled. This necessarily would entail Huerta's retirement.

There will be, as you all know, a large item of expense and the writer earnestly urges that those that have not as yet paid their annual dues will do so at once. For the last three years there has been an additional fee or charge of 60 or 75 cents for the banquet. With the collection of all due we hope to pay all expenses and therefore leave off this extra 75 cents. And that can be done if the members will come to our aid, as we trust they will. Then we are going to establish our scholarship this year. And certainly there is no member but who does not want to help in this good cause to help some worthy person to attend school, who otherwise, perhaps would not get the advantage of our excellent schools. Heretofore this feature has been neglected, but we mean business this year and we are going to have this scholarship. Those who do not rally to the support of the Alumnae by paying their fee of 60 cents sacrifice a great principle of our Christian land in that they withhold from someone the educational advantages that they enjoy themselves.

The committee that has charge of collecting all dues is composed of Miss Lucile McLaren, secretary; Treasurer; Miss Daisy Simonton; Miss Ernestine Crone; Mrs. Ralph Ghent and John Crawford. Either of these will be only too glad to receive your fee. And they will give you receipt for same. Would also like to state that we have a good program, which all will enjoy. Will have plenty of refreshments. And we are endeavoring to get a strong hand for the occasion to aid in the enjoyment. So don't forget the date and time—Wednesday the 27th, 9:00 p. m.

The writer trusts that we will have a larger attendance than we have ever had. You owe it to yourself and you owe it to the Alumnae to make them annual meeting a success by giving your service and presence. Let us all be there and talk about "good old school days."

Very respectfully yours,

J. H. Crawford,

President.

One of the strangest things, in my opinion, is the shortage of real fighters in the present day. There is not a heavyweight who is in Corbett, Fitzsimmons, Sharkey's or Jeffries class when they were in their prime. There isn't a real middle-weight fighter in the game today, although there are one or two men who may develop into good fighters some of these days.

"And there's the same dearth of material in the lightweight class. Ritchie, of course, stands above the rest, but after Ritchie there are few fighters who can now be ranked in the first class.

"But it was different in my day. Then there was at least a dozen aspirants for the lightweight title who were as good—probably better—than any present day lightweight. When I was in my prime there were such men as Dal Hawkins, Oscar Gardner, Jim Handler, Eddie Conley, Kid McPartland, Kid Lavinge, Jack Daly, Elbows McFadden, Joe Gans, Young Griff, Jack Everhardt, and a bunch of others who were ranked in the first class—ranked as men who could give the champion a battle of the kind to set the crowd wild with delight.

"In my opinion, Joe Gans was the greatest fighter that ever was seen in the lightweight division. He was a wonder. But Gans made the mistake of his life when he trained down to 133 for Nelson. It weakened him so that he was only a shadow of his former self, and Nelson won from him. Nelson never was in Gans class and never would have had a chance with him if Joe hadn't weakened himself too much for his first fight, and then hadn't broken down physically when he came to the top in the old days. Strength didn't count much. McCoy rose almost to the top, because he was a wonderful tackling Nelson for the second time."

Civil service examination was held in the court room of the government building this morning. The examination was for clerk-carrier for the Dothan postoffice and was conducted by H. P. McCarty, local secretary of the civil service examining board. Twenty took the examination, eighteen men and two exhibitions of strength are women.

Jack McFarland is the peer of men in the ring today. He is heat-parade, he doesn't make much of the old-time general of a show, and his interest in the brainy as any man that Easter performance isn't in proportion within the ropes, and 1000 to what he pays for it.

When Will Doctors People Tell Me on Finally.

When public endorsement is made by a representative citizen of Dothan the proof is positive. You must believe it. Read this testimony. Every sufferer of kidney trouble, every man, woman or child with kidney trouble will do well to read the following:

Mrs. T. B. Barnes, 601 S. Apple-tree St., Dothan, Ala., says: "I believe Doan's Kidney Pills are the best kidney medicine for women to use. I had nervous spells and my head and back ached. I did not sleep well and mornings was all tired out. When I heard about Doan's Kidney Pills I used them. The first box made me better and continued use improved my condition in every way."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

INDIAN TRANSCONTINENTAL RECORD

New York, May 15—Erwin G. Baker broke all transcontinental records except those of railroad trains which run through by day and night when he arrived here ten minutes after mid-night—or at ten past twelve o'clock this morning—having made the trip across the continent in exactly eleven days, eleven hours and ten minutes. His total mileage was 3,578.9.

And the last two days were made in the rain with all the miserable mud that goes with it.

The transcontinental record for automobiles is seventeen days, but but with the machine running night and day, with two shifts of drivers, one riding by Pullman sleeper to the next town, while his companion drove.

The record of Volney Davis from New York to San Francisco was twenty days, 19 hours, 11 minutes. His total mileage was 3,482.8 miles.

Baker made 418 miles on his last day's run, over roads reeking and slippery from overmuch rains. He was "gormed with goo," and wet, but game clear through to the core of his heart.

Baker's Daily Mileage:

1st day, May 3, 221.6 miles, Yuma.
2nd day, May 4, 220 miles, Phoenix.
3rd day, May 5, 265.5 miles, Springerville, Ariz.
4th day, May 6, 350.3 miles (no telegraph station.)
5th day, May 7, 294.8 miles.
6th day, May 8, 348.9 miles.
7th day, May 9, 253 miles, Elizabethtown.
8th day, May 10, 293.7 miles.
9th day, May 11, 304.3 miles, Greenville, Ill.
10th day, May 12, 276 miles, Columbus, O.
11th day, May 13, 282.4 miles, Greenberg, Penn.
Last day, May 14, 418 miles, New York City.
Total mileage, 3,578.9 miles.

Now Is the Time to Paint

These pleasant days are a favorable time to paint. With good weather, a good surface, a good painter and good paint, you are sure of success. Whether you paint now or later, don't risk the paint. You can't afford to take chances on made-by-guess paint or the cheap unserviceable kind. We have been in the paint business for years.

We know paints—good—bad—indifferent—and in all our experience with all kinds, under all conditions, we've never seen a paint to equal Lowe Brothers' "High Standard" Liquid Paint.

That's why we sell and recommend it. We couldn't afford to do this if we were not sure "High Standard" does all that Lowe Brothers claim for it—and more.

"The Little Blue Paint" on the can to your protection

Come in and talk over your painting problems and see the latest color combinations.

Floor Paint

Careful tests show Lowe Brothers' Floor Paint leads in wearing and covering qualities and meets every requirement most satisfactorily.

Mellotone

A washable flat paint looking like water colors. For interior. "Soft as the rainbow tints." Any desired color or combination. For walls, ceilings, woodwork, on metal, plaster or paint.

Vernon

A stain reproducing the colors and effects of hard woods. For floors, woodwork, furniture. Made from permanent non-fading pigments. Try staining for old floors.

Hupmobile

The car of The American Family

\$1050

COMPLETELY EQUIPPED.
With Electric Starter and Lights
Oversize Tires, Detachable
Rims, \$1200.

Next Spring—Not This!

How will you feel *next* Spring about the car you buy *this* Spring?

That's the one, the all-important question.

Will it wear as a Hupmobile wears, and run as a Hupmobile runs, after twelve months of persistent pounding?

Will the motor be the same sweet-running, mellow motor the Hup long-stroke motor is in its second, its third, and its fourth season?

We ask for the purpose of pointing out the marked characteristic that makes people buy Hup after Hup—or use the same Hup, season after season.

Service—Low Cost Service

That characteristic is long-continued, apparently everlasting service—and the consistent low cost of that service.

That's the service from which Hupmobile reputation springs; the service that has made the Hupmobile "The Car of the American Family."

That's why Hup owners are our most successful salesmen.

And isn't that quality what you must consider, first and last, in any car?

How will a lower price compensate you, a year from now, for a worn, shabby down-at-the-heel car, which you are compelled to sell for a song?

How will a neat, natty exterior this Spring compensate you for a broken-down interior next Spring?

Continuous service at a lower cost and a higher price when you want to sell at second hand—that's what makes Hup owners loyal to the car.

Think this Spring of next Spring, think of the one hundred thousandth mile and not the ten thousandth—and your investigation will surely bring you to the choice of the Hupmobile.

MRS. HATTON'S RECITAL

The piano recital given on Thursday evening by Miss Vernon Hatton was enjoyed by a large and very appreciative audience.

From the beginning of the "Saraband" by Beethoven, to the closing number, "Military Polonaise," by Chopin, Miss Hatton's playing was artistic and enthusiastically received.

Miss Hatton was ably assisted by Miss Mariner who sang "A Little Pink Rose," and "In the Garden of My Heart," and Mrs. Frank McLure who sang "The Eriklog."
